

Volunteers Wanted

The rewards of being involved in helping to restore the Chesapeake Bay and the surrounding communities and to make a better place in which to raise families cannot be measured by tangible means; nevertheless, the rewards are great. If you are wondering how you can find a rewarding way to get involved and help with our restoration programs, contact our Volunteer Coordinator at (410) 279-2744 or email samuelowings@mrisc.com. The staff at **High Impact Environmental Inc.** offers many options for individuals or groups to help us carry out our mission at our Chestertown office. We have a way for you to donate your unique talents and time, and it is nice to feel like you are making an impact in our diverse ecosystem and environment in your Chesapeake Bay watershed.

We are in need of volunteers to assist with specific programs or initiatives in our organization, help with community *environmental health fairs*, and work at our community fundraisers. Days and hours vary, and some assignments are possible via computer if you work at home. Watch for the **High Impact Environmental Inc.** website for upcoming event dates. The possibilities are endless - just give us a call and we will do our very best to match your interests to our organization's needs. We look forward to your assistance in our effort to reclaim the health of the Bay, its streams, and rivers!

Help with a variety of office tasks, including research, answering phones, data entry, mailings, and other administrative assistance.

Join us in our efforts to make a difference for the Chesapeake Bay. Show your dedication by becoming a HIE volunteer today.

HIE is looking for enthusiastic, devoted individuals to perform tasks such as production of photo, video, and other promotional media, fundraising event coordinator, administrative, monitoring of stormwater discharge, taking water samples, wetlands plantings and assistance in the construction of "floodplain stormwater containment basins" (FSCB's), so please send us your contact information with your area of interest and expertise, we will recruit your help as the programs become active.
